CHAPTER ONE

BRAND STORY & IDENTITY

Who we are, what we stand for, and the energy we bring to every interaction.

WHO WE ARE

BUILT FOR THE BOLD.

Let's LVL is Dubai's boldest ecommerce destination for fashion, merchandise, and limited-edition retail. We exist at the intersection of style and culture — where every drop matters and every bid is a statement.

We are not just a marketplace. We are a movement. A platform where brands with real energy find buyers who feel it. Built in the UAE, shaped by global retail culture.

01

BOLD BY DESIGN

Every decision — visual, verbal, product — is made with conviction. We don't do average.

02

CULTURE-FIRST

Rooted in fashion and retail culture. We speak the language of the community fluently.

03

SCARCITY AS ENERGY

UAE-POWERED

Based in Dubai, connected to the world. The regional hub for global fashion and retail culture.

CHAPTER FIVE

VOICE & TONE

How we speak defines who we are. Our voice is consistent — our tone adapts to the moment.

HOW WE SPEAK

WE ARE	WE ARE NOT
Bold. We say it straight. No filler, no fluff.	Corporate or stiff. No jargon. No over-formal language.
Energetic. Our words move. They create urgency.	Aggressive or alienating. Hype, not hostility.
Culturally sharp. We know the scene. We speak it.	Try-hard. If it feels forced, it's wrong.
Confident. We don't ask — we declare.	Vague. Every sentence earns its place.
Inclusive. Built for UAE, open to the world.	Excessive. Short is powerful. Use it.

CHAPTER SIX

DO'S & DON'TS

Clear rules that protect the brand's integrity across every touchpoint.

BRAND RULES

VISUAL DO'S

- Use black as the dominant background in all materials.
- Pair LVL Yellow with black or white only.
- Use the Display font for all headline-level text.
- Maintain generous whitespace — every element earns its space.
- Use high-contrast, bold photography — raw, real, energetic.
- Keep layouts clean and intentional with clear hierarchy.

VISUAL DON'TS

- Never use gradients in primary brand communications.
- Never place the logo on patterned or photographic backgrounds.
- Never use more than 3 font sizes in a single design.
- Never use yellow text on white — zero contrast, illegible.
- Never use soft, pastel, or washed-out colours.
- Never centre-align body copy — left-align only.

COPY DO'S

- Write in short, punchy sentences. Impact over length.
- Use active voice — "We sell bold," not passive constructions.
- Speak directly — "you", "your brand", "your drop".
- Use urgency language for auction and limited-drop comms.
- Reference UAE and regional culture where authentic.

COPY DON'TS

- Never use more than one exclamation mark per piece.
- Never use buzzwords: "synergy", "disruptive", "ecosystem".
- Never over-explain. If it needs a paragraph, rethink it.
- Never write body copy in all-caps — display headlines only.
- Never use emojis in formal or merchant-facing content.

LET'S LVL

This document defines how Let's LVL shows up — consistently, boldly, and with purpose. Follow it, and every touchpoint becomes part of something bigger.
